INDEPENDENT AUDITOR'S REPORT

December 16, 2019

To the Members of the Board
RABUN COUNTY WATER AND SEWER AUTHORITY
Clayton, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of RABUN COUNTY WATER AND SEWER AUTHORITY as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the government's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the RABUN COUNTY WATER AND SEWER AUTHORITY, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2019 on our consideration of the RABUN COUNTY WATER AND SEWER AUTHORITY's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering RABUN COUNTY WATER AND SEWER AUTHORITY's internal control over financial reporting and compliance.

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of RABUN COUNTY WATER AND SEWER AUTHORITY have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

REPORTING ENTITY

The RABUN COUNTY WATER AND SEWER AUTHORITY is the basic level of government that has oversight responsibility and control over all activities related to water and sewerage systems in RABUN COUNTY, Georgia. The Authority receives most of its operating revenues from sales of water service and connection fees. Sales of water to the City of Clayton accounts for 49% of total sales in the current year. The Authority receives the rest of the funding from local and state government sources and must comply with the requirements of these funding entities. The Authority is comprised of nine representatives appointed by the governing authorities as follows: two each from Rabun County and the City of Clayton, one each from the Cities of Tiger, Mountain City, Dillard, Tallulah Falls, and Sky Valley.

GOVERNMENT WIDE AND FUND FINANCIAL STATEMENTS

Because the Authority is a special-purpose government engaged only in business type activities, it is not required to present a statement of activities to comply with the provisions of GASB Statement 34.

FUND ACCOUNTING

The Authority uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts.

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

The Authority has one fund, which is a proprietary (enterprise) fund.

Proprietary funds are used to account for operations (a) that are financed and operated in a manner similar to the private sector - where the intent of the governing body is that the expenses, including depreciation of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Proprietary funds are accounted for on a flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the Authority are charges to customers for sales and services. Operating expenses for the Authority include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use the restricted resources first, then unrestricted resources as they are needed.

BUDGETS

The Authority is not legally required to adopt a budget. However, the Authority Board has approved an annual operating budget for planning, control, and evaluation purposes.

CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash includes amounts in demand deposits. Cash equivalents include those investments that have an initial maturity of three months or less.

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

State statutes authorize the government to invest in obligations of the U.S. Treasury and of its agencies and instrumentalities; bonds or certificates of indebtedness of this state and of its agencies and instrumentalities; certificates of deposits of banks insured by FDIC; the State of Georgia Local Government Investment Pool (Georgia Fund 1); repurchase agreements; and bonds, debentures, notes or other evidence of indebtedness of any solvent corporation subject to certain conditions.

Investments are reported at fair value as of the balance sheet date. Increases or decreases in fair value during the year are recognized as part of investment income.

RESTRICTED ASSETS

Certain proceeds of the Authority's revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the Statement of Net Position because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

PREPAID ITEMS

Payments made to vendors for services that will benefit periods beyond June 30, 2019, are recorded as prepaid items.

BOND AND LOAN ISSUANCE COSTS, PREMIUMS, AND DISCOUNTS

Premiums and discount are deferred and amortized over the lives of the bonds and loans on a straight-line basis, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Amortization costs for the year 2019 was \$6,559. None of these costs were capitalized in fiscal year 2019.

COMPENSATED ABSENCES

The authority's policy does not allow vested or accumulated annual leave to be paid out at the end of employment. In accordance with the provisions of Statement of Governmental Accounting Standards No. 16, "Accounting for Compensated Absences," no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CAPITAL ASSETS

Capital assets, which include property, plant, and equipment, in the proprietary fund of the Authority are recorded at historical cost. The Authority defines capital assets as assets with an initial, individual cost of \$5,000 and an estimated useful life in excess of five years. Capital assets donated to these proprietary fund type operations are recorded at their estimated fair value at the date of donation.

Major outlays for capital assets and improvements are capitalized in proprietary funds as projects are constructed. Interest incurred during the construction phase of proprietary fund capital assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Capital assets are depreciated in the proprietary funds of the government using the straight-line method over the following estimated useful lives:

Buildings & Improvements	15-30 Years
Infrastructure	40 Years
Machinery and Equipment	5-15 Years
Vehicles	5 Years

NET INVESTMENT IN CAPITAL ASSETS

The "net investment in capital assets" reported on the statement of net position is calculated as follows:

Net investment in capital assets:	
Cost of capital assets	\$ 21,879,875
Accumulated depreciation	<u>(5,325,435)</u>
Book value	16,554,440
Accounts payable related to capital assets	(172,604)
Revenue bonds related to capital assets	(2,833,057)
Notes payable related to capital assets	<u>(628,052)</u>
Net investment in capital assets	<u><u>\$ 12,920,727</u></u>

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Authority does not have any types of items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Authority does not have any types of items that qualify for reporting in this category.

NOTE 2 - DEPOSITS AND INVESTMENTS

The goal of the Authority in investing is to obtain a reasonable return on investments with a minimum exposure to potential loss of capital due to market fluctuations.

INTEREST RATE RISK

The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

CREDIT RISK

The Authority has no investment policy that would further limit its investment choices.

CONCENTRATION OF CREDIT RISK

The Authority places no limit on the amount it may invest in any one issuer.

CUSTODIAL CREDIT RISK - DEPOSITS

In case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned. The Authority's policies permit it to exceed the FDIC insured limit in making deposits in commercial banks and savings and loans institutions if the funds are otherwise adequately secured.

As of December 16, 2019, these deposits were fully insured and collateralized.

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

Depositories may secure deposits of public funds using the dedicated method or the pooled method as described below:

Under the *dedicated method*, a depository shall secure the deposits of each of its public depositors separately. State statutes require collateral pledged in the amount of 110% of deposits.

Under the *pooled method*, a depository shall secure deposits of public bodies which have deposits with it through a pool of collateral established by the depository with a custodian for the benefit of public bodies having deposits with such depository as set forth in code Section 45-8-13.1. State statutes require collateral pledged in the amount of 110% of deposits under the single bank pooled method or at least 100% of amounts greater than 20% of the daily pool balance held by any one covered depository under the multibank pooled method.

The Authority utilized the dedicated method to secure deposits of public funds.

NOTE 3 - CUSTOMER DEPOSITS

Customer deposits are amounts paid by customers to guarantee their payment of water bills.

NOTE 4 - RECEIVABLES

Trade receivables as of year-end, including applicable allowances for uncollectible accounts, are as follows:

Receivables:		
Accounts	\$	132,374
Intergovernmental		95,379
Total gross receivables		<u>227,753</u>
Less: allowance for uncollectibles		-
Total net receivables	\$	<u><u>227,753</u></u>

REVENUE BONDS FROM DIRECT BORROWINGS

The Authority issues bonds where the Authority pledges income derived from the acquired or constructed assets to pay debt service.

During 2015, the Authority issued \$3,055,000 of Series 2015 revenue bonds to provide funds to refinance three debt issues of the Clayton-Rabun County Water and Sewer Authority. These bonds, which bear interest rates from 2.0% to 4.0%, mature January 1, 2037. The outstanding balance on the 2015 bonds as of June 30, 2019 was \$2,715,000.

The scheduled payments of principal and interest for all bonds payable are as follows:

	Principal	Interest	Total
2020	90,000	95,100	185,100
2021	95,000	93,300	188,300
2022	95,000	91,400	186,400
2023	100,000	89,500	189,500
2024	140,000	87,500	227,500
2025-2029	755,000	367,775	1,122,775
2030-2034	920,000	217,200	1,137,200
2035-2037	520,000	40,800	560,800
	<u>\$ 2,715,000</u>	<u>\$ 1,082,575</u>	<u>\$ 3,797,575</u>

NOTES FROM DIRECT BORROWINGS

GEFA Loans

The Authority entered into a loan with the Georgia Environmental Facilities Authority (GEFA) during fiscal year 2003 to provide water service to the North Loop Extension. The loan had a draw capacity of \$529,428 and bears no interest. The loan is payable quarterly beginning March 1, 2003 and matures July 1, 2022. The outstanding balance as of June 30, 2019 was \$132,356.

RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

During 2017, the Authority obtained an additional loan from GEFA for \$800,000 and bears 0.50% interest. This loan was used to pay for a portion of the Little Tennessee Water Treatment Plan. The loan is payable monthly and matures July 1, 2022. The outstanding balance as of June 30, 2018 was \$495,695. The total outstanding balance of both notes as of June 30, 2019 was \$628,051.

The scheduled payments of principal are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 204,049	\$ 2,112	\$ 206,161
2021	204,850	1,211	206,061
2022	205,654	505	206,159
2023	13,498	6	13,504
Total	<u>\$ 628,051</u>	<u>\$ 3,834</u>	<u>\$ 631,885</u>

PLEDGED REVENUES

Rabun County Water and Sewer Authority has pledged future water and sewer revenues, net of specified operating expenses, to repay an original debt of \$3 million. This debt is payable solely from water and sewer net revenues and is payable through 2037. The total principal and interest remaining to be paid is \$3.8 million. Principal and interest paid for the current year was \$179 thousand which was approximately 25.4% of net revenues. Rabun County provided a subsidy of \$205,620 to assist in making these payments.

NOTE 7 - CONTINGENCIES AND COMMITMENTS

The Authority is occasionally a defendant in various lawsuits. At June 30, 2019, there were no outstanding suits that would have a material adverse effect on the financial condition of the Authority.

NOTE 8 - RISK FINANCING ACTIVITIES

The Authority is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority purchases worker's compensation insurance from a commercial insurance company.

The Authority contracted with Allied World Specialty Insurance Company to purchase combined automobile, crime, liability and property insurance. The deductible is determined by type of claim, however \$2,500 is the maximum deductible for any claim.

**RABUN COUNTY WATER AND SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019**

The following is a summary of coverage at June 30, 2019:

Umbrella excess liability protection	\$	2,000,000	per occurrence/aggregate
General liability	\$	3,000,000	aggregate
Products and completed work	\$	3,000,000	aggregate
Personal injury	\$	1,000,000	per person
Automobile Liability	\$	1,000,000	per occurrence
Public entity employment liability	\$	1,000,000	per occurrence
Sewer backup and premises damage	\$	1,000,000	per occurrence
Cyber liability	\$	100,000	per occurrence

The Authority has no outstanding claims in excess of coverage for which a liability should be recorded as of June 30, 2019.

Settled claims in the past three years have not exceeded the coverages.

NOTE 9 - RETIREMENT PLANS

DEFINED CONTRIBUTION PENSION PLAN

Effective November 21, 2014, the Authority, by resolution, adopted the AXA Equitable Retirement Gateway 401A, which operates in conjunction with the Deferred Compensation Plan discussed in NOTE 10. The Authority has the ability to amend the adoption agreement to change the contribution requirements and other matters related to the plan. The plan issues a stand alone report; it may be obtained from: AXA Equitable Life Insurance Company, 1290 Avenue of the Americas, New York, New York 10104.

Any employee can participate. Employees may contribute to the plan and the Authority matches up to 3% of the employee's salary. The Authority's match vests at the rate of 20% per year and are fully vested in 5 years.

The employee contribution for fiscal year 2019 was \$35,367 and the Authority matching contribution was \$16,645.

NOTE 10 - DEFERRED COMPENSATION PLAN

The Authority offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Authority employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Because the assets are held in trust for the employees, they are not assets of the Authority and are not reported in these financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
 REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
 OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

December 16, 2019

To the Members of the Board
 RABUN COUNTY WATER AND SEWER AUTHORITY
 Clayton, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of RABUN COUNTY WATER AND SEWER AUTHORITY, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the RABUN COUNTY WATER AND SEWER AUTHORITY's basic financial statements, and have issued our report thereon dated December 16, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered RABUN COUNTY WATER AND SEWER AUTHORITY's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of RABUN COUNTY WATER AND SEWER AUTHORITY's internal control. Accordingly, we do not express an opinion on the effectiveness of the RABUN COUNTY WATER AND SEWER AUTHORITY's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described below that we consider to be significant deficiencies.

Statement of Condition 2019-001 (Re-issued):

During fieldwork, we noted that inventory tracking had not been implemented and the client was unable to provide an accurate listing and count of inventory of water meters and related supplies on hand at June 30, 2019.

Criteria:

To ensure accurate inventory counts, inventory should be tracked and kept up with on a regular basis by the Authority.

Effect of Condition:

The risk of misappropriation of assets on hand.

Cause of Condition:

The Authority expenses all material purchases and an inventory listing of purchases on-hand, including location, is not maintained.

Recommendation:

We recommend the Authority implement regular inventory counts and tracking of inventory internally.

Response:

The Authority office is housed temporarily in offices owned by the Rabun County Board of Commissioners. These offices do not have any storage area for parts, materials, or equipment. The Authority's new office/shop facility should be completed within the next few months where parts, material, and equipment can be stored and more easily inventoried.

Statement of Condition 2019-002:

During fieldwork, we noted that transactions in QuickBooks were dated incorrectly for accounting purposes during the fiscal year June 30, 2019.

Criteria:

To ensure accurate accounting records, transactions need to be recorded in the correct period by the Authority.

Effect of Condition:

The risk of misappropriation of assets on hand.

Cause of Condition:

The Authority is dating transactions based on their budget requirements and not based on the appropriate accounting period.

Recommendation:

We recommend the Authority date all transactions in QuickBooks based on the appropriate accounting period.

Response:

The Authority will be more diligent in dating all transactions in QuickBooks based on the appropriate accounting period.

Rabun County Water and Sewer Authority's Response to Findings:

The RABUN COUNTY WATER AND SEWER AUTHORITY's responses to the findings identified in our audit are described above. The RABUN COUNTY WATER AND SEWER AUTHORITY's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether RABUN COUNTY WATER AND SEWER AUTHORITY's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
